## PROFILE

Information Systems student of Duta Wacana Christian University who has a great interest in data management and developing innovative solutions based on information technology.

As an individual with moral values, I am committed to contributing in creating digital solutions that can improve the efficiency, effectiveness, and productivity of society, especially UMKM.

With the principle of life 1L + 5C (Leadership, Competence, Compassion, Consistency, Conscience, Commitment), I am ready to develop information technology to answer current challenges with a positive impact on the wider community.
